Contoso Group — Engagement Survey 2025

Conducted October 2025 by Workday + Glint. Eligible: 28,420. Responses: 24,810. Response rate: 87.3%.

1. Headlines

- Overall Engagement: **74** (FY24: 71). +3pts year-on-year.
- Manager Effectiveness: **76** (FY24: 74).
- Career Growth: **62** (FY24: 60). Lowest scoring dimension. Persistent gap.
- Wellbeing: **71** (FY24: 68). Strongest improvement.
- Inclusion & Belonging: **78** (FY24: 77).

2. By Division

Division	Engagement	Manager	Growth	Wellbeing	Inclusion
Industrial Operations	71	74	58	69	77
Manufacturing	76	78	65	73	79
Property	78	79	68	75	81
Group Functions	73	75	61	72	78

3. Top Drivers of Engagement (decision-tree)

- Trust in senior leadership ($\beta=0.42$)
- Clear sense of purpose ($\beta=0.31$)
- Manager listens and acts on feedback ($\beta=0.27$)
- Career growth opportunities ($\beta=0.21$)
- Workload sustainability ($\beta=0.16$)

4. Top Verbatim Themes (n=24,810; multi-coded)

- “Career path is unclear, especially for technical specialists.” (mentioned ~3,200 times)
- “More flexibility on hybrid working would help retention.” (~2,800)
- “Cross-divisional moves are theoretically possible but practically very difficult.” (~2,100)
- “Recognition is inconsistent across managers.” (~1,900)
- “Wellbeing programmes are visible and useful.” (~1,700, positive)

5. Top 5 Recommendations from the survey panel

- Roll out the Career Architecture v2 (specialist + leadership tracks) by Q3 FY26.

- Pilot a guaranteed cross-divisional rotation programme for Top 60.
- Manager listening labs — quarterly cadence.
- Recognition baseline standard — every people-leader to use the same monthly cadence.
- Continue investment in wellbeing and EAP.
